## Monthly Activity

Build your child's brain development by trying the activity below:

1. Think about the songs you grew up hearing. Pick a song that has a special meaning to you, your family, or your culture.
2. Find a quiet moment, such as before bedtime or nap time, and sing to your child. Don't worry about the quality of your voice - giving attention to your child is what is most important.

Here is an example:

**"Mosquito, mosquito, don't you cry, My baby's sleeping right nearby."**  
from *Hush! A Thai Lullaby*

**Why?** In addition to encouraging early literacy, sharing songs from your family strengthens your child's bond with you and other family members.

## Monthly Family Reading Tip

### Repeat

Support your child's enthusiasm for reading by rereading their favorite book over and over again.
