DLL Module 2: Language, Culture, Identity and Equity

Session will be held on:

January 19, 2022

4:30 pm – 7:00 pm

Zoom Session

Our young Dual Language Learner children reflect the ethnic, cultural and linguistic diversity of our nation. Through understanding the critical relationship between language, culture and identity, we affirm DLLs in Early Childhood Education and see them as assets and strengths in our program.

Participants will:

- Deepen their understanding of best practices to address equity in learning for young DLLs and all children in our classrooms
- Develop skills, knowledge, dispositions and attitudes to effectively teach in multicultural and multilingual settings
- Explore strategies specific to planning and implementing equitable learning opportunities for young DLLs.
