

Enrollment Selection Criteria for Non-CSPP Centers and FCCs

Quality Start Los Angeles (QSLA) used available data to identify high priority communities in Los Angeles County where its enrollment efforts will be focused to ensure equity and access to services within the early learning system. **Family Child Care Homes (FCCs) and center-based programs that do not receive funding from the California State Preschool Program (CSPP) that apply to QSLA will receive one point for each priority criteria they meet.** Sites with the most points will receive priority enrollment. Once available spots are filled by applicants with the highest points, all other applicants will be put on the waitlist until the next open enrollment period, based on funding.

Priority Criteria	Description/Details																		
<p>Local Planning Council (LPC) <u>Priority Level 1: Infant/Toddler</u></p> <p><i>Zip codes qualify as Level 1 when there are 50% or more eligible children that are not served by a subsidized early learning program AND there are more than 1,500 eligible children in that community who are not served by a subsidized early learning program.</i></p>	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 20%;">Zip Code</th> <th>Name of L.A. <p>Existing QSLA Agencies within LPC Priority Levels 1 & 2</p>	<p>Priority is given to sites from agencies located within communities identified as Priority Levels 1 and 2 that are already enrolled in QSLA, in order to obtain 100% enrollment at that agency.</p>																		
<p>Communities underserved by QSLA</p>	<p>Priority is given to zip codes in LA County where there are less than 50% of subsidized programs that are currently served by QSLA.</p>
