FALL ACTIVITY

Autumn is a gorgeous time of year and a wonderful opportunity to explore the great outdoors with your kids. Check out this hands-on activity for you and your little ones!

**Step 1:** Go outside and have your little one find sticks, leaves, and other natural materials for their project. You can also follow this [Fall Scavenger Hunt](#) to guide your search!

**Step 2:** After you’ve gathered the natural materials, you can start putting together your league of leaf people! With your little one, help them glue on arms, leaves, and nuts to create their leaf people. Let your child be as creative as they want! See the photos for examples.

**Step 3:** Help your little one use a marker to draw add cheeks or add a smile to their leaf faces! After you're child is done decorating, encourage your child to make up a story about your league of leaf people!

**Supplies**
- Toilet Paper roll
- Nuts, leaves, sticks, etc.
- Glue
- Markers
- Googly eyes (optional)
- Other art supplies
