Valentine's Day Activity Guide

Follow along with our Valentine's Day Activity Guide and decorate the sidewalk with festive chalk hearts!

Heart Hopscotch

Materials

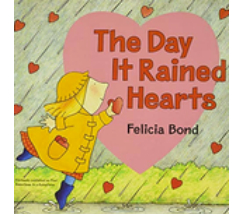

- ♥ Chalk
- ♥ Pebble or small rock

How to play

1. On the sidewalk, use chalk to draw several hearts with a number inside each one.
2. Have children toss a pebble onto a heart with a number.
3. Ask children to name the numbers as they jump from one heart to the next, skipping over the number their pebble landed on.

Extra tip: Take the game indoors by drawing the hearts and numbers on paper and taping them to the floor!

Click the book cover for a Valentine's story to read with your child!

The Day it Rained Hearts
