

# SUMMER ACTIVITY

Trying to stay cool this summer?

Check out this hands-on ice cream activity for you and your little ones! While enjoying your treat, check out these summer themed read-alouds!

**STEP 1:** Pour 1/2 cup of half-&-half or milk into one of your sandwich-sized baggies. Add 1 tablespoon sugar and 1/2 teaspoon of vanilla extract. Get all of the air out and then seal the bag. Place your filled bag into another sandwich-sized baggie and seal.

**STEP 2:** Put your double-bag inside of a gallon-sized baggie and add your ice and 1/2 cup of rock salt. Place this bag inside another gallon-sized bag (you will have 2 small bags and 1 large bag inside).

**STEP 3:** Have your child put on some winter gloves and start shaking! Shake the bag for about 15-20 minutes. Should be nice and soft, but still slightly solid! All done! Add toppings and enjoy!
